CBSE	July,2020
Cumulative Percentage : 94.4%	

Projects

Uber Clone (MERN Stack)   Jan 2024-March 2025

- Developed a full-stack ride-hailing application with React, Node.js, Express, and MongoDB, integrating Socket.io for real-time ride status updates.
- Implemented Google Maps API for location search, live tracking, and fare estimation.
- Built a dynamic user authentication system and real-time driver matching using WebSockets.
- Designed a responsive UI with GSAP animations and optimized API calls for better performance.

Club Management System   Jan 2024-May 2024
- Developed a portal for students to register and stay updated on campus events.
- Streamlined event access for over 200+ participants using HTML, CSS and MySql.
- Initiated an automated alert feature for upcoming events, resulting in increased user interaction with the portal by sending out 120 notifications monthly to keep students informed about activities.

Music Player   Sept 2024- Nov 2024
- Created a music-playing webpage with HTML, CSS, and JavaScript for user-friendly interaction.
- Implemented playlist management and controls for an enhanced user interface.
- Improved loading times and responsiveness for seamless playback across devices.

Weather Website   Sept 2024- Nov 2024
- Built an API-integrated platform to display weather and air quality information.
- Utilized JavaScript, HTML, and CSS for interactive UI.

Extracurricular

- Solved 300+ questions with the total rank of 2.5 lakh overall on the LeetCode platform.
- Earned 4 stars in Python, 4 stars in SQL and 5 stars in C++ on Hackerrank showcasing proficiency in diverse coding languages.

Activities

iOS Club   VIT Bhopal University
Co-Lead of Content Team   Sep 2023-Present
- Handling the content related work for the club.
- Includes writing mails, scripts, essays and articles.
- Authored engaging emails, technical guides, and scripts to support event activities and enhance attendee experience.
- Organized "TECHASTRA'23," a tech event with 200+ participants, involving workshops, coding challenges, and keynote sessions

Fusion Club   VIT Bhopal University
Lead of Stage and Content Team   Feb 2024–Present
- Contributed to organizing creative and cultural events, such as dance shows and talent exhibitions.
- Led the content development team to prepare engaging scripts, articles, and mailers for the events.
- Developed scripts supporting materials to ensure seamless event execution.

Volunteering   VIT Bhopal University
- Volunteered for various events organized by the university such as GlamVIT' 23, Garba Night'23.
- As a volunteer, the discipline and the smooth flow of the events lies on our shoulders and we worked profoundly to ensure the same.

Internship   Pledge A Smile Foundation
Content Writing and Fundraising. Successfully managed fundraising campaigns, meeting monthly goals. Produced compelling content to support organizational initiatives.
